Short biography

I am a consultant obstetrician at Fernandez Hospital, Hyderabad, India with an experience of 25 years. I was the hospital GAP programme coordinator from year 2015 to 2021. My previous responsibilities have included head of the department of academics (2006 to 2013), obstetrics (2011 to 2021) and obstetric emergencies department from 2023 to 2025. The work involved streamlining obstetric care and creation of electronic medical records with a focus on labour ward management, maternal near miss, stillbirths reduction. An advisory team member on few of Govt of India projects. Love drawing, painting and call myself an artist, with passion for obstetrics.
